Dear Mr. Casey,

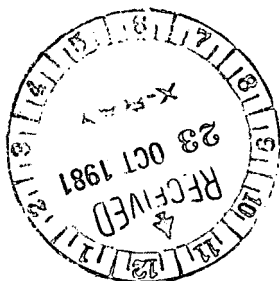

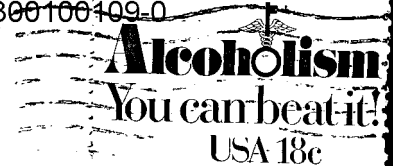

I am currently in my junior year at Brown University and because of this I had the distinct honor of hearing you speak at our school just last week. We never regretted my decision to attend Brown University and we always been proud of being a student here at Brown. I must admit though I was very embarrassed and ashamed to be a student at Brown the night of your talk in Alumni Hall. The behavior of ~~those~~ few protestors was disgusting.

I guess living all my life at the United States Military Academy I've grown to love my country more than some people that attend Brown. It is my feeling that whatever has to be done to keep ~~America~~ such a great place to live should be done. I feel that those people that so rudely interrupted your talk must not think that much of our country if they don't support you and your agency.

Well, Mr. Casey I guess what I really want to say is that I am very sorry for the treatment you received while at Brown and that there are many students here who support you and your organization. I wish you all the luck in the world!

Sincerely,
Brian Riley
